

EXPLAINS WHY MEN ARE GROWING BALD

Thousands of men are growing bald every day and don't know the reason why. Many of them never expect to save even what hair is left.

This is indeed a pity, says a specialist, because baldness usually comes from carelessness and anyone who gives the scalp a little attention should always have an abundance of good healthy hair. Dust and dirt help to cause baldness by clogging the pores in the scalp and giving the dandruff germs fertile ground for breeding.

The treatment is very simple: Shampoo at least once in ten days and destroy the dandruff germs by applying frequently Parian Sage, a delightfully efficient preparation that the Red Cross Pharmacy is now recommending as the surest treatment to stop falling hair, to remove dandruff and to refresh and invigorate the hair roots.

The cost of a generous bottle of Parian Sage is very little and druggists everywhere have been authorized to offer it with guarantee of perfect satisfaction or money returned.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The grand lodge, N. E. O. P., will meet in Burlington April 24 and 25.

Miss Lois Cassidy, daughter of Mr. and Mrs. George Cassidy of Rutland has been awarded a Durant scholarship in Wellesley college, where she is enrolled as a junior.

Complaints having been made against the licensees to certain individuals as insurance brokers and agents, hearing on the matter was given by the state insurance commissioners at Burlington on Thursday.

Benjamin Melvin, aged 25 and a native of Hardwick, who died at Elgin, Ill., Sunday was buried in the River Bank cemetery at Sowe Thursday. He died of typhoid fever. His father is George H. Melvin of Sowe.

Harry A. Holton, a watchman and jeweler of White River Junction, died at the home of his sister, Mrs. I. P. Titus, at Hardwick, Tuesday night. Masonic funeral services were held there and the body was placed in the tomb for burial in Wells River later on.

Because of his influential position in public affairs, as well as church circles, Rev. Roy W. Magoun will be permitted by Bishop Hall of the Vermont Episcopal diocese to remain in Fair Haven as pastor of St. Luke's church. He had recently accepted a rectorship in Burlington and citizens began a movement to keep him in Fair Haven.

While attending a sisters' meeting in Bennington last Tuesday Amos J. Eaton of South Royalton had the experience of being attacked by a muskrat. Mr. Eaton was walking on Main street and planted himself in the path of the rat. The animal resented the blockade and bit holes in Mr. Eaton's rubbers until the pedestrian kicked the animal into a snow bank and some boys captured it.

Realty Transfer in Brattleboro.

Another important deal in Brattleboro real estate was concluded Friday, when John B. Manley of the firm of Manley Brothers, automobile dealers, received deeds to the Hooker property at the corner of Main and High streets, formerly occupied by Col. George W. Hooker and family and occupied by Mrs. Hooker since Colonel Hooker's death. The purchase of this property adds one more to the large number of real estate changes of the past few weeks, the like of which has not been known in Brattleboro in many years. This deal is said to involve over \$40,000. Mr. Manley proposes to build a garage.

HILLEGAS HAS HAD WIDE EXPERIENCE

Vermont's New Commissioner of Education Comes to His New Work with Valuable Training Along Many Education Lines.

Prof. Milo B. Hillegas of New York City, who has accepted the position of commissioner of education for Vermont, will receive a salary of \$5,000 per year, which is said to be somewhat less than he received at Columbia university where he is at present engaged. He is expected to assume his duties in Vermont on June 1 next. Prof. Hillegas was not an applicant for the position, but was selected by the state board of education because of "his special ability, training and experience for the duties of his important office."

The following is a sketch of the new commissioner of education:

Dr. Hillegas was born in St. Johnsville, N. Y., in 1872. He prepared for college at Colgate academy. In 1893 he entered the University of Rochester and four years later received the Ph. D. degree. He took graduate work at Teachers college, Columbia university during the years 1908-10 and in 1911 received from that institution the degree of Doctor of Philosophy and the Doctor's diploma.

From 1898 to 1900 he taught mathematics and biology in the public high school of Fort Dodge, Iowa. From 1900 to 1902 he was assistant principal of the public high school of Gouverneur, N. Y. He was principal of union school systems in Schuylerville, N. Y., and Chatham, N. Y., from 1902 to 1908. During 1909-10 he was assistant in educational psychology at Teachers college, Columbia university. The year following he was editor-in-chief of the United States bureau of education, Washington. In 1911 he accepted an assistant professorship, Columbia university, and in 1914 he was made associate professor of education in that institution.

Dr. Hillegas was secretary of the commission that investigated the school system of Baltimore, Md., in 1911. This was the first important school investigation conducted and Dr. Hillegas did much of the field work connected with it. In 1913 he was associated with the legislative commission that investigated the school system of Vermont. His particular part of the investigation was connected with the elementary and rural schools. In 1914 he investigated the schools in the house of refuge in Randall's island, N. Y. In 1915 he participated in an investigation of the Friend's Central school in Philadelphia, and also of the system of schools supported in part by the Peasants fund.

Dr. Hillegas is the author of a scale for the measurement of English composition articles on education in modern Greece and the Montessori method in the encyclopedia of education, and a contributor of articles on education and universities and colleges in the New International Yearbook. He is a member of the National Geographical society, the National Education association, the Society of College Teachers of Education, and a Fellow in the American Association for the Advancement of Science.

13 PRISONER TAKEN.

During Strike Riot on Fifth Avenue Last Night.

New York, March 24.—The fashionable shopping district of Fifth Avenue was the scene last night of a battle between police reserves and striking custom tailors. Night sticks were used freely by mounted patrolmen and men of the traffic squad before the crowd of strikers and their sympathizers, estimated at nearly 1,000, was dispersed. Thirteen prisoners were taken.

Traffic was blocked on Fifth avenue between 30th and 34th streets nearly an hour by the strikers, who halted in front of every tailor shop and left building hoisting and shooting defiance at the police.

MAY INCREASE STOCK.

Bethel Telephone Co. Granted Permission By Vermont P. S. C.

Bethel, March 25.—The Vermont public service commission has given the Bethel Telephone company authority to increase its capital stock from \$10,000 to \$50,000 and also to issue \$30,000 of additional stock with which to buy the plant and property of M. H. Hazen, known as the Rapid Telephone company, to buy 64.5 miles of metallic circuit transmission line now owned by the New England company and leased to Hazen and to pay dividends on \$30,000 stock of the Bethel Telephone company now outstanding.

Furthermore, the commission orders: "And if said corporation does so issue said stock, it is hereby ordered to observe the foregoing directions and conditions and, on or before July 1st, 1916, and every six months thereafter until all of said stock has been so issued and disposed in accordance with the terms of this certificate, to report to this commission in writing, signed by its president and treasurer and verified by their oaths, reciting its doings under this certificate, the amount of stock so issued, the amount of the proceeds of any sale thereof, the application of such proceeds and the disposition of such said stock as is disposed of otherwise than by sale."
